Email changes: New logins, no more 'preferred' option

If you haven't logged in to your WSU email since the beginning of July, you'll see some changes:

- Your email user name has changed from “first.lastname” to your network ID user name—the same name you use for myWSU (formerly known as zzusis) and Blackboard. (If that's already your email user name, then it hasn't changed.)
- The word “email” has been dropped from “@email.wsu.edu.”
- Example? If you used to log in as first.lastname@email.wsu.edu, you'll now log in as simply NetworkIDname@wsu.edu.
- Starting Aug. 24, the first day of fall classes, all official WSU email messages will be sent to your WSU email account. If you had a different account listed as “preferred,” that account will be automatically switched to your WSU account.
- Emails sent to your old @email.wsu.edu address will be forwarded.

These changes include a bonus: When you log in to Office365.wsu.edu, you can get Microsoft Office for free.
